

Purpose

Project SEARCH Hialeah is a business led, one-year Transition Program designed for students with disabilities who are in their last year of high school. The project targets students whose main goal is employment, and who will benefit from full time career exploration in a business setting. The program is implemented through a partnership with support and resources from M-DCPS, the City of Hialeah, Vocational Rehabilitation, and agencies providing job coaching and job development services. Through this program, students will not only develop the tools necessary for employment, but will also develop skills needed for self determination, self management and self advocacy.

This product is funded by the State of Florida Department of Education, Division of Public Schools and Community Education, Bureau of Exceptional Education and Student Services through federal assistance under the Individuals with Disabilities Education Act (IDEA), Part B, Special Projects, and state general revenue funds. It is developed by the Office of Special Education and Psychological Services, Miami-Dade County Public Schools.

Work Experience Transition Program for Students with Disabilities

FLORIDA
DEVELOPMENTAL
DISABILITIES
COUNCIL, INC.

What is Project SEARCH

Project SEARCH Hialeah is a unique business-led transition program designed for students with disabilities pursuing a Special Diploma or accessing a modified curriculum. It is targeted for students whose main goal is employment and will benefit from career exploration. The cornerstone of the one school-year program is immersion into local government in the City of Hialeah. Individualized job development and placement occurs based on the student's experiences, strengths, and skills. Students are given support with accommodations, adaptations and on-the-job coaching. Elective credits can be awarded for successful completion of Project SEARCH Hialeah. The program is located at:

City of Hialeah City Hall
501 Palm Avenue
Hialeah, FL 33010

Program Goals

- ⇒ To provide a smooth transition from high school to work that allows for on-the-job training.
- ⇒ To allow students to learn employability and job skills while participating in a variety of administrative worksite rotations which leads to competitive employment.
- ⇒ To provide a learning environment that allows students who are 18-22 years of age to learn and grow socially among their peers.
- ⇒ To provide students with the needed support for job seeking and job development that will assist in successful job placement
- ⇒ To assist students in working toward independence in many areas such as transportation, daily living skills, adult thinking processes, teamwork and social relationships.
